Woodside Warriors

## Court Hire and Usage Policy

The usage of the tennis court by financial club members for a social hit is encouraged as long as it doesn't interfere with official club schedules or paid court hire.

A key is available from the Caltex Service Station on presentation of a current season membership card.

However this does not include the use of the lights due to electricity costs and maintenance cost for lights. If the lights are required to be used for non scheduled activities a fee of \$10.00 per hour for the three light towers or \$15.00 an hour for all four will apply.

Access to the lights should be arranged and approved by the committee and paid for in advance.

### COURT HIRE

Court Hire is available from \$10.

Arrangements must be made for payment and access with a committee member by phoning 8389 9009.

Thank you for your co-operation
